Create your own luxury cashmere throw in five steps with our service, GF 'Uniquely Yours'. 'Uniquely Yours' is our personalisation service, where we design and create products specifically to your taste. To create your cashmere throw, begin by picking a weave from our numerous possibilities and pair this with the colour, weight and size you desire, before adding your preferred finish.

Our product experts will help guide you through this process considering your favoured styles and the requirements of your project, resulting in a spectacular cashmere throw, unique to you.

Cashmere throws and blankets are the perfect accessories to finalise your interior by adding colour, pattern or texture. Cashmere is exceptionally soft, lightweight and luxurious, possessing excellent drape. Please contact us for further details.

3 Weight

Choose between a 2 ply and a 4 ply throw to create your ideal weight and pattern clarity. The ply number represents how many threads are wrapped together.

For a lighter, more delicate throw.

For a thicker, cosy throw with a more visible pattern

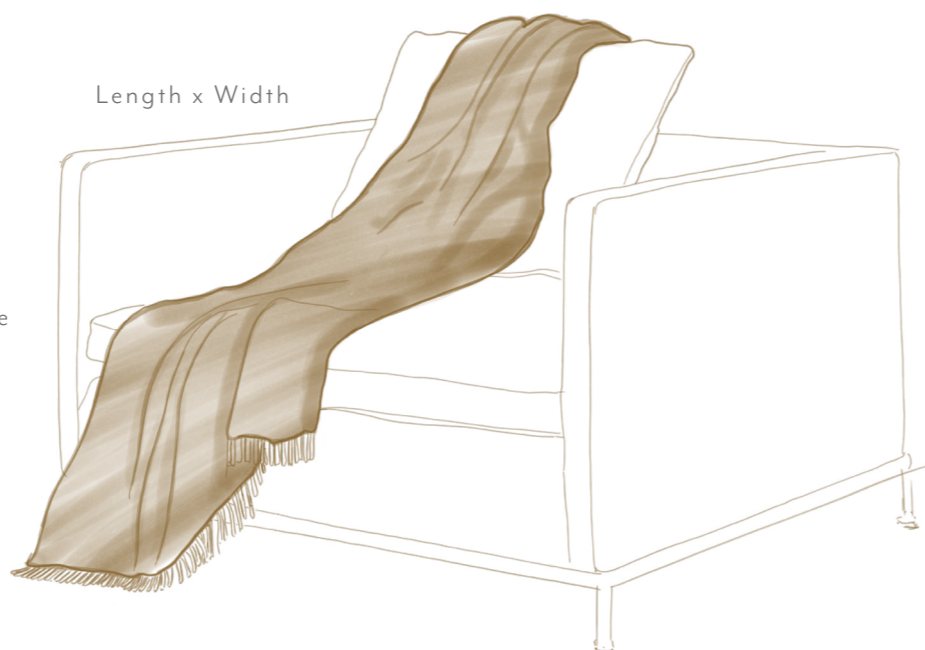

4 Size

Our standard sizes of cashmere throws work perfectly for draping around any living space-

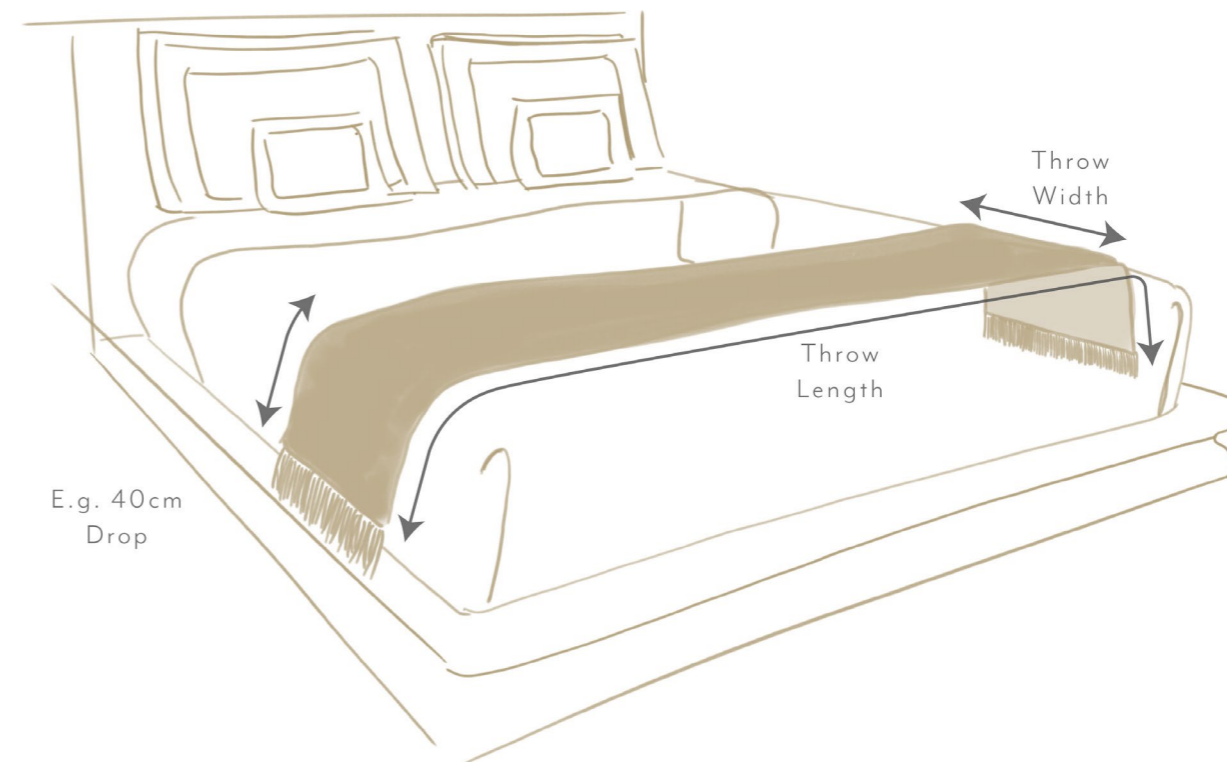

140 x 180cm (55.12 x 70.87in)

150 x 200cm (59.06 x 78.74in)

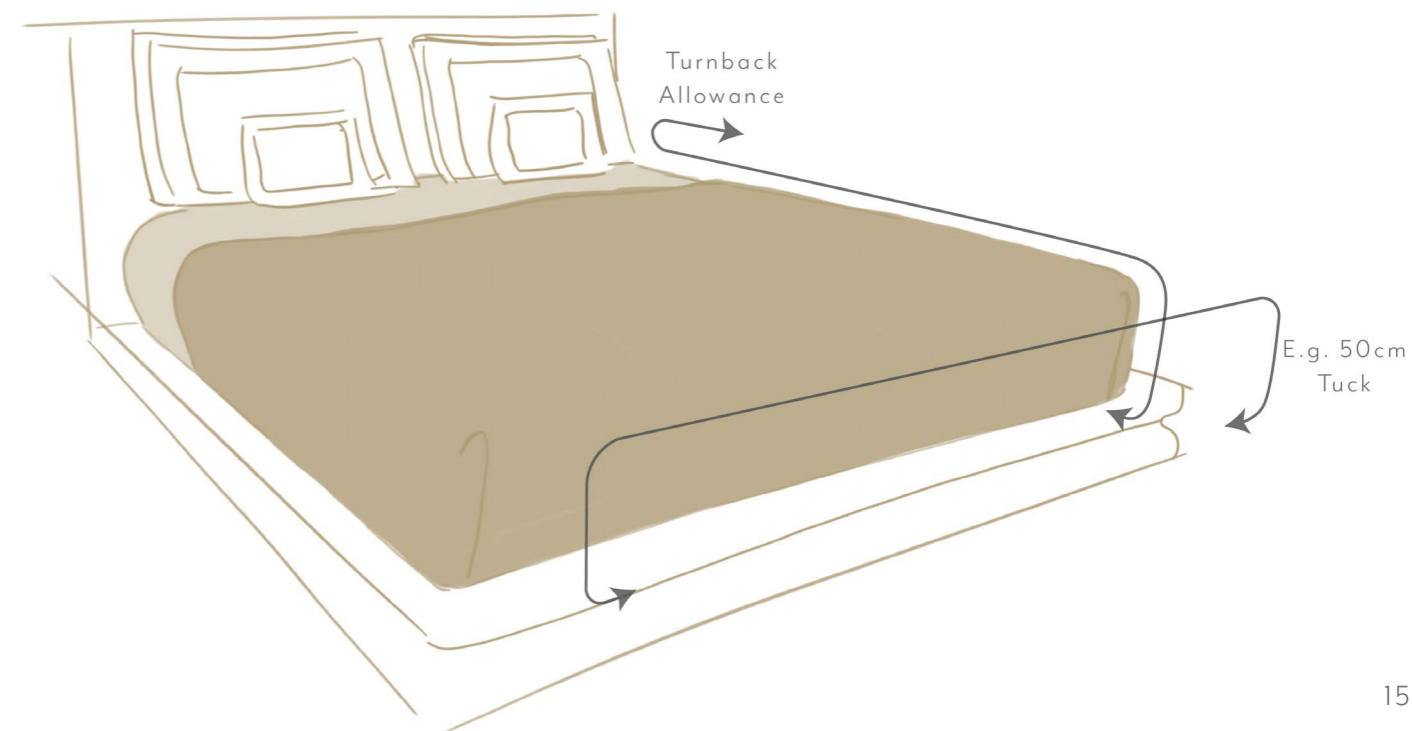

However, if you require something more specific, we will create a cashmere to fit, based on your measurements.

Our product experts will guide you through the custom cashmere measurement process, ensuring your cashmere piece fits perfectly. The user guide below shows an example of how we scale your cashmere to a bed:

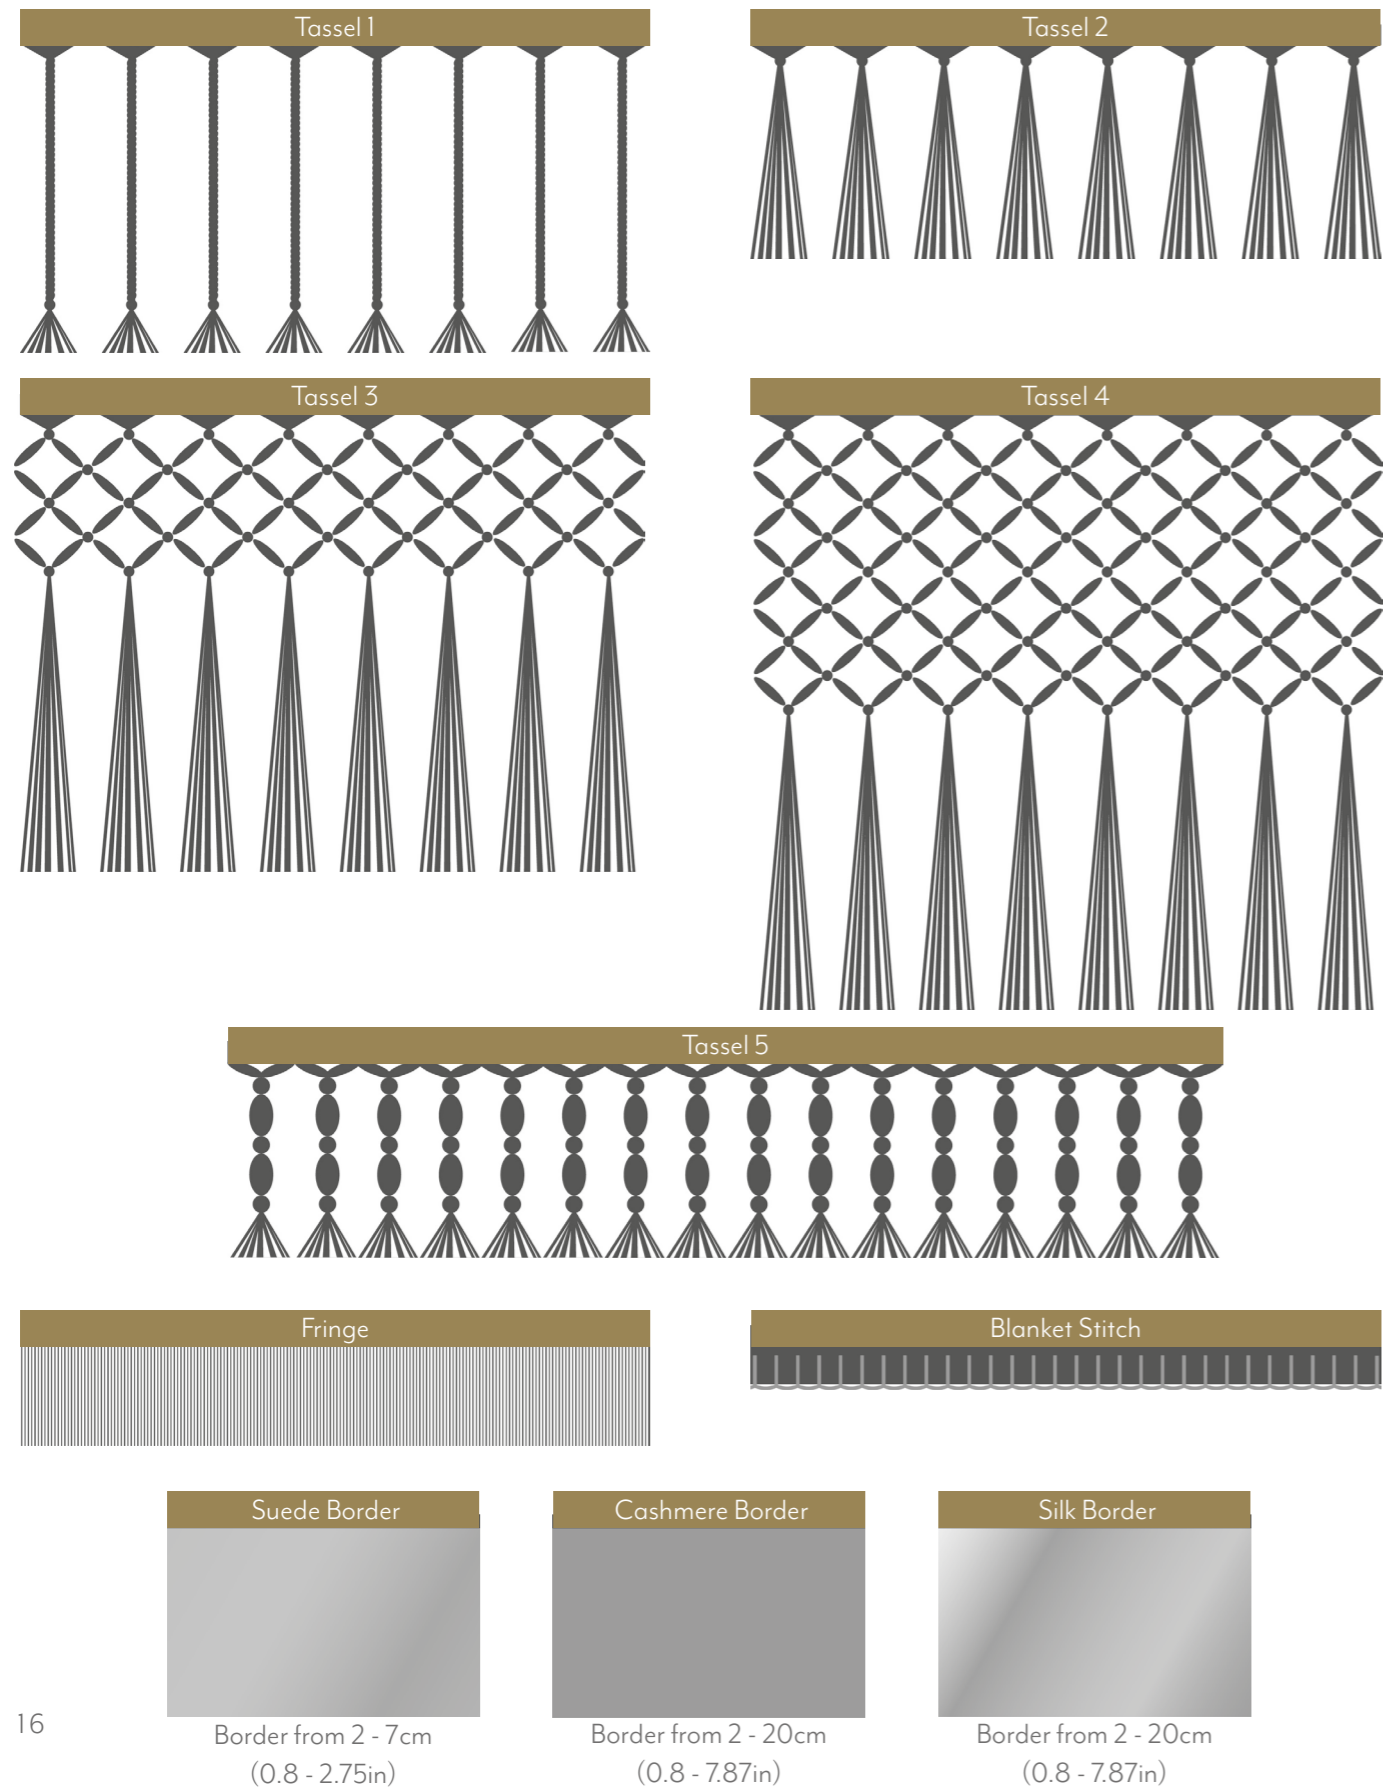

Our size guide is an approximation of what your bed might look like. If the depth of your mattress is larger, the drop and tuck length for your cashmere will correspond.

5 Trim Finish

Add the final touch to your throw with a tassel or border of your choice, whether it be ornate or contemporary.

Now that you have tailored your GF 'Uniquely Yours' Cashmere...

Please send us your choices in the style of the example below:

- ① Weave- Spider Web
- ② Colour- Orchid Tint
- ③ Weight- 2 Ply
- ④ Size- 140 x 180cm
- ⑤ Trim Finish- Tassel 2

Once you have made your selections, or if you would like some more information or guidance, please contact your dedicated project manager via the contact details below.
